KATLEHO MAKHOOANE

Software Developer | Bloemfontein, Free State | 081 015 0861 | katlehomak6@gmail.com

OBJECTIVE

I'm a budding software engineer passionate about solving problems. I am knowledgeable about multiple programming languages and frameworks, excited to collaborate and learn from others.

EXPERIENCE

Intern
SAGEA, Quantify Your Future   Jan 2023 – Feb 2023

Gained hands-on experience with leading financial institutions (FirstRand, Absa, Netbank) in data framing, exploration, interpretation, modeling, and visualization.

Web Development Tutor
Department of Computer Science (UFS)   Jul 2023 – Nov 2023

Provided comprehensive tutorials to students on HTML, CSS, and Bootstrap, aiding in their understanding and proficiency in web development.

C# Tutor
Department of Computer Science (UFS)   Mar 2022 – Nov 2023

Delivered instructional sessions and guidance to students, enhancing their C# programming skills and conceptual understanding.

EDUCATION

BSc Computer Science and Business Management
University of Free State   2021 – 2023

I completed this degree with distinction (80% weighted average)

BSc Computer Science and Informatics
University of Free State   2024 – Current

I am currently pursuing this degree and delving into exciting projects like a Peer-to-Peer lending blockchain platform.

KEY SKILLS

- HTML, CSS, Bootstrap
- MySQL

- .Net Framework, ASP.NET Core
- AngularJS
- C#
